EXTRA HD RACKING

Acrow's Extra Heavy Duty Frames, which use heavier upright sections, have a capacity of 30 tons or more. In addition, Acrow has the ability to custom-create heavy-duty racking for any requirement.

Extra Heavy-duty Frames:

- Beams are manufactured for extra heavy-duty applications with a capacity of up to 6 ton per pair
- Extra heavy-duty four lug connectors ensure the capacity & the stability of the Extra Heavy Duty System
- This system was designed to reduce damages to products that are difficult to handle due to mass & finish
