

# LIBRARY SHELVING

Acrow's Library shelving is attractive and efficient, complementing any modern library whether in industrial, educational or municipal surroundings – offering clean lines and ease of adjustment.

- All steel construction for maximum strength.
- Epoxy-polyester powder coated finish to match and enhance any décor.
- Standard finish is epoxy polyester – Antique Ivory, but other colours are available upon request
- All shelves independently adjustable for height – allowing maximum flexibility.
- Wide range of standard sizes available
- Single and double-sided units available for maximum floor area utilization
- Decorative end panels in steel or timber
- Fully braced for maximum rigidity
- Base design allows for uneven floor levels and ease of cleaning
- Shell support brackets have drawn edges which eliminate sharp corners and damaged books

Acrow Library Shelving is available in the following standard sizes:

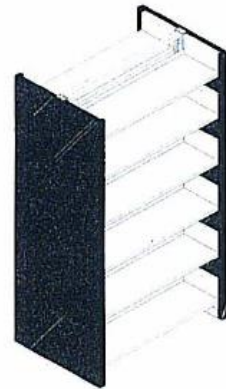

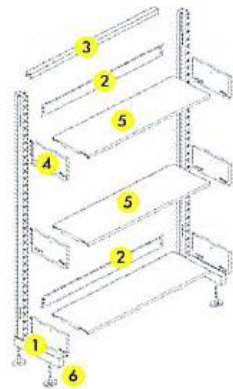

Height: 1 219 mm and 2 134 mm | Shelf depths: 270 mm | Bay sizes: 900 mm

Attractive, efficient library shelving from Acrow will complement any modern library, whether in industrial, educational or municipal surroundings, offering clean lines and ease of adjustment
