## Jan 20

A new year has started and we want to wish all a Happy New Year and welcome back to a prosperous one.

### 2019 Year End Function

On the 30<sup>th</sup> of November last year we had a very simple year end function. A braai under the carports 😊

Although it was simple it was one of the best we had in a long time and we would like to create a shared album for all to see and enjoy. Any videos and photos you would like to download in the album, please bring to Cloreen to download.

I will share the link in next month;s news letter.

Well done to all who received Service awards especially to Felipe in Tool Room, a whopping 25 years service. Congratulations!!!

We especially missed Enrico at the function, who recently moved overseas just before year end, to head up our Overseas market. Hopefully he will be settled in his new home and will join us for the next Year End Function and will visit us on a regular basis bringing us huge contracts from Europe.

Well wishes:

Happy Birthday to
